Dorm Management Software (DMS)

Release Notes

Release Date	Version	Release Type
28/10/2025	2.0	Major
15/04/2026	2.1.2 Build150426	Minor
22/10/2026	2.1.2 Build 221026	Critical

Version:2.1.2 Build221026

1. **Security Patch:** A security patch has been applied to Baseline Platform to address identified vulnerabilities affecting the underlying environment.

   The update was implemented as part of our ongoing security maintenance and vulnerability management process. Relevant system functionality and services were verified following the patch deployment.

   Detailed technical information relating to the platform configuration and security implementation is maintained internally and may be provided to authorised parties where required.

Version:2.1.2 Build150426

1. **Block Access Function:** Allows dormitory operators to block or restrict tenant access when required, such as for expired tenancy agreements, outstanding payments, or disciplinary cases.
2. **Sponsor Company Management:** Manages sponsor company profiles (sub-sub worker) and links tenants to their respective companies for easier reporting control.
3. **Others:** Bug Fixing and Filtering function improvement

Version: 2.0 Build281025

Overview

We're excited to announce the release of Version 2.0, a major update focused on a modernized user experience, stronger security, and richer insights. This version brings a refreshed interface, powerful new tools, and smarter ways to manage your operations.

1. **New Features**
   - **Two-Factor Authentication (2FA):** Added an extra layer of security to protect your account using Google Authenticator or Microsoft Authenticator.
   - **API Integration:** New support for API connections, enabling automation and data exchange with access control system.
   - **Device Sync Monitor:** A brand-new page to view and manage access control device synchronization in real time.
   - **Automated Scheduler & Auto-Retry Pipelines:** Key background processes run reliably with hands-free scheduling, status tracking, and automatic retries.

2. **Enhanced Insights & Reports**
   - **Dashboard Enhancements:** Expanded data views to help you monitor key metrics and performance at a glance includes room occupancies, home leave, access control live monitoring, permit expiries.
   - **New Access & Status Report:** Provides clear visibility into tenant activity and status.
   - **Improved Leave Status Report:** Now includes a return-from-leave tracker for better workforce planning.
   - **Expanded Export Options:** Room and tenant listings now include richer export options for faster, more accurate reviews.

3. **UI & Navigation Improvements**
   - Updated Interface Theme: A fresh, modern design that's more intuitive and visually engaging.
   - Reorganized Sidebar Menu: Simplified structure with renamed sections for faster
   - access to key features.

4. **Tenant Directory Updates**
   - Face Recognition Integration: Added support for profile photo uploads provides seamless integration with access control system.

- New Data field: Introduced a new Dietary field for richer employee and tenant information.

5. **Security Enhancements**
   - Data Protection Upgrade: Sensitive information in the database is now fully encrypted to ensure stronger data privacy and compliance.
   - Harsh Tenant Sensitive Information: Improved data protection provide option to
     masking sensitive information (FIN/NRIC) on exported document.
   - Granular Permission Controls: New scopes for account settings, two-factor workflows, and role access keep administration aligned with least-privilege best practices.

Customer Impact and Recommended Action

This update includes functional and compatibility improvements and will be applied upon patching update after the effective date. We apologize for any inconvenience caused by changes to existing usage habits.

Please note that some new features introduced in this release are only available for customers who have purchased the corresponding modules. Availability may vary based on your system configuration and license purchased.

AUPRO reserves the right to change, alter or withdraw the above notification without prior notice. Product design and specifications are subject to change without prior notice.
